

## ARCA

Human life is unique. Each and every human being has the capacity to imagine, hope and dream ... to love and be loved.

Your gifts to ARCA help transform the hopes and dreams of individuals with intellectual, developmental and cognitive disabilities into opportunities. You help create joyful lives for hundreds of people ~ family, friends and neighbors ~ every day. We are grateful.

**Thank you for what you do every day to make our extraordinary community an even better place to call home.**

## Changing Lives

ARCA provides a comprehensive array of programs such as residential and family living services, healthcare and nutrition, employment services, community inclusion and many special projects ... **all designed to meet the needs of the individual.**

## opening Doors of opportunity

Thanks to the foresight of our founding families, ARCA has provided nationally recognized services to thousands of children and adults with intellectual, developmental and cognitive disabilities in the greater Albuquerque area since 1957.

Today, ARCA is the largest non-profit service provider of its kind in New Mexico and is the industry gold standard in providing premier life-long supports for people with intellectual, developmental and cognitive disabilities.

ARCA operates more than 100 residences in our community and provides services to nearly 700 individuals every day. ARCA employees and provider families are some of the best trained and most dedicated in the industry.
